

```
formatter< detail::  
all< T::container_type  
>, Char >
```

The diagram consists of two rectangular boxes. The top box is white with a thin black border and contains a C++ template signature. The bottom box is gray with a thin black border and contains a more complex C++ template signature. A blue arrow points from the bottom box to the top box, indicating that the bottom signature is a specialization of the top one.

```
formatter< T, Char,  
enable_if_t< conjunction  
< detail::is_container_adaptor  
_like< T >, bool_constant< range  
_format_kind< T, Char >::value  
==range_format::disabled > >::value > >
```
